

Endura Multi-Point Astragal Deadbolt Actuator Cover

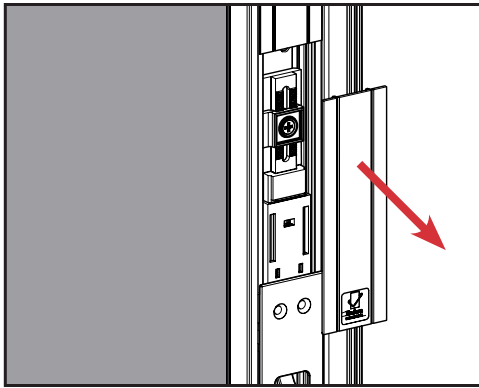

Replacement Instructions

Tools:

- Pliers (Optional to remove old cover)

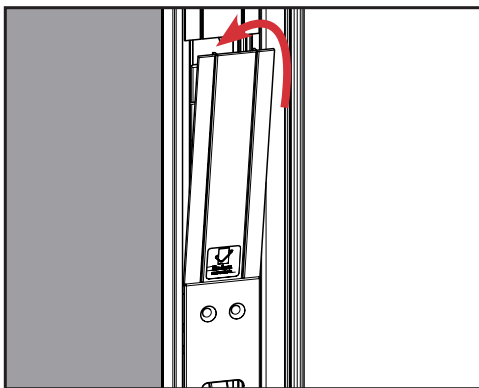

STEP 1: REMOVE OLD DEADBOLT ACTUATOR COVER

Remove the existing actuator cover off the astragal on the inactive door, using pliers if necessary.

You may need to remove the surrounding trim strip to have access.

STEP 2: INSTALL NEW DEADBOLT ACTUATOR COVER

Place new actuator cover with the logo on the bottom and snap into place. Return surrounding trim strip in place, if previously removed.
